Dear Judge Sam,

Re US V Charles Goff Snr & Jnr and
American Research & Development
CR-861-168-S

When I sent you my petition for recovery of my
property taken by agents of BAFT, I forgot to send
you copies of teh enclosed letters.

Also the more I reflect on the circumstances
under which I gave up my firearms the more
I feel I did so from an implied threat.
I should have stood my ground and asked the
agents to produce a court order but their
implication of "if you don't turn it over now
we'll get a court order to seize it and you'll
never get it back, persuaded me to give it
to them. But I did so most unwillingly for fear
of a reprisal of some sort. If I had the choice
I would have elected not to give it up.
Again you honor, please assist me in gaining
the return of my legal property.

Sincerely

Bernard Braham

A hand written letter.
